- b. depositing an instrument in writing executed by the Shareholder or by the Shareholder's attorney duly authorised in writing or, if the Shareholder is a body corporate, under its corporate seal or, by a duly authorised officer or attorney either with Computershare Investor Services Inc., Attention: Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario M5J 2Y1 or at our Registrars, Computershare Investor Services (Ireland) Limited, Heron House, Corrig Road Sandyford Industrial Estate, Dublin 18, Ireland, at any time up to and including the last Business Day preceding the day of the Meeting or any adjournments or postponements thereof or with the Chairman of the Meeting prior to the commencement of the Meeting on the day of the Meeting or any adjournments or postponements thereof; or
- c. in any other manner permitted by law.

Such instrument will not be effective with respect to any matter on which a vote has already been cast pursuant to such proxy.

Voting by Non-Registered Shareholders in Canada

Only registered Shareholders or the persons they appoint as their proxies are permitted to vote at the Meeting. Certain Shareholders are 'non-registered' Shareholders in Canada ('**Non-Registered Shareholders**') because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary ('**Intermediary**') that the Non-Registered Shareholder deals with in respect of the shares; or (ii) in the name of a clearing agency (such as CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant ('**Clearing Agency**'). In accordance with applicable securities law requirements, the Company will have distributed copies of the Notice of Meeting and Management Circular, VIF and a request card for annual and interim materials, as applicable (collectively, the '**Meeting Materials**') to the Clearing Agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries and Clearing Agencies are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries and Clearing Agencies often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Non-Registered Shareholders who have not waived the right to receive Meeting Materials will be given a VIF **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions which the Intermediary must follow. Typically, the VIF will consist of a one page pre-printed form. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ('**Broadridge**') in Canada. Broadridge typically prepares a machine-readable VIF, mails those forms to Non-Registered Shareholders and asks Non-Registered Shareholders to return the forms to Broadridge or otherwise communicate voting instructions to Broadridge (by way of the Internet or telephone, for example). Broadridge then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of the shares to be represented at the Meeting. Sometimes, instead of the one page pre-printed form, the VIF will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for this form of proxy to validly constitute a VIF, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company. **A Non-Registered Shareholder who receives a VIF cannot use that form to vote his or her shares at the Meeting.**

The purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the shares they beneficially own. Should a Non-Registered Shareholder who receives a VIF wish to vote at the Meeting, or any adjournments or postponements thereof, (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the VIF and insert the Non-Registered Shareholder or such other person's name in the blank space provided. **Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the VIF is to be delivered.**

A Non-Registered Shareholder may revoke a VIF or a waiver of the right to receive Meeting Materials and to vote which has been given to an Intermediary at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a VIF or of a waiver of the right to receive Meeting Materials and to vote which is not received by the Intermediary at least seven days prior to the Meeting.

Statement of Executive Compensation Compensation Discussion and Analysis

The Company's approach to executive compensation has been to provide suitable compensation for executives that is internally equitable, externally competitive and reflects individual achievement. The Company attempts to maintain compensation arrangements that will attract and retain highly qualified individuals who are able and capable of carrying out the objectives of the Company.

The Company's compensation arrangements for the Named Executive Officers (as defined herein) may, in addition to salary, include compensation in the form of bonuses and, over a longer term, benefits arising from the grant of share options. In certain instances, contributions to pension and health benefit plans are also made, although these plans are not managed by the Company. Given the stage of development of the Company and the fact that it has not yet attained commercial production, compensation of the Named Executive Officers to date has emphasized salary and meaningful share option awards to attract and retain Named Executive Officers and to a certain extent, conserve cash. In the event that the Company achieves commercial production in the future, this policy may be re-evaluated to instead emphasize increased base salaries and cash bonuses with a reduced reliance on option awards.

The Named Executive Officers are entitled to receive a basic salary in each financial year. They are also entitled to a fee for their services as a member of the Board, if applicable. In addition, they are entitled to receive a performance related bonus payable subject to achieving certain targets at the discretion of the Remuneration Committee of the Board (the '**Remuneration Committee**'). They are also entitled to receive share options under the 2006 Scheme and/or the EMI Scheme (as defined below).

The compensation program of the Company is designed to reward such matters as mining and exploration success, market success, share performance, and the ability to implement strategic plans. The Remuneration Committee reviews the compensation of the Named Executive Officers on a yearly basis, having regard to such matters as what companies at a similar stage of development to the Company pay other executives occupying similar offices, the time and effort each officer is required to devote to the Company, the officer's success in developing strategic plans for the Company and the results of implementing the plans. The current overall objectives of the Company's compensation strategy are to reward management for their efforts, while seeking to conserve cash given current market conditions. With respect to any bonuses or incentive plan grants which may be awarded to executive officers in the future, the Company has not currently set any objective criteria and will instead rely upon any recommendations of the Remuneration Committee, and discussion at the Board level, with respect to these and any other matters which the Board may consider relevant on a going-forward basis, including the cash position of the Company.

Options are granted to executive officers at the discretion of the Remuneration Committee.

Existing options held by the Named Executive Officers at the time of subsequent option grants are taken into consideration in determining the quantum or terms of any such subsequent option grants. Options have been granted to directors, management, employees and certain service providers as long-term incentives to align the individual's interests with those of the Company. The size of the option awards is in proportion to the deemed ability of the individual to make an impact on the Company's success.

No changes are currently contemplated to the executive compensation arrangements.

Risks Associated with Compensation

In establishing the compensation plan for the Company and in making its recommendations, the Remuneration Committee seeks to mitigate excessive risk-taking by: (i) providing for time-based vesting of share options; and (ii) not having performance objectives related to share price, which could be manipulated by management.

The Company has also adopted an insider trading policy which requires directors and officers to provide prior notice of the intention to carry out a purchase or sale of securities of the Company (or an exercise of any option) and obtain prior approval of such trade, thereby further reducing excessive risk-taking. The Company believes that the programs are balanced and do not motivate unnecessary or excessive risk-taking.

Financial Instruments

The Company does not currently have a policy that restricts directors or Named Executive Officers from purchasing financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars, or units of exchange funds that are designed to hedge or offset a decrease in market value of equity securities. However, to the knowledge of the Company as of the date hereof, no director or Named Executive Officer of the Company has participated in the purchase of such financial instruments. In addition, as noted above, the Company has also adopted an insider trading policy which requires directors and officers to provide prior notice of and obtain approval for purchases and sales of securities of the Company (or exercises of any share option).

The Company has a share option plan called the Horizonte Minerals PLC Share Option Scheme 2006 (the '**2006 Scheme**') and an enterprise management incentive scheme ('**EMI Scheme**').

The 2006 Scheme

Under the terms of the 2006 Scheme, the Remuneration Committee may grant options to acquire Ordinary Shares to any employees, directors (including non-executive directors) or company officers in the service of the Company or any subsidiary of the Company (within the meaning of Section 1159 of the 2006 Act).

Each option shall be personal to the option holder and shall be non-assignable save that if a participant dies at a time when an option is still capable of being exercised by him, his personal representative may exercise the option within twelve months from the date of death. The exercise price for each option shall be determined by the Remuneration Committee from time to time by reference to the higher of: (1) the middle market quotation for an Ordinary Share plus 10% on the dealing day immediately preceding the date upon which the option is granted (or such value as may be determined by the Company's auditors); or (2) the par value of an Ordinary Share; or (3) as determined by the Remuneration Committee.

Under the terms of reference of the Remuneration Committee, the Remuneration Committee is charged with reviewing all elements of the operation of the 2006 Scheme, including the overall amount of awards to be made to eligible persons under the 2006 Scheme and the quantum of options to be granted on an individual basis. No option shall be capable of being acquired under the 2006 Scheme more than 10 years after the adoption date. During the period of 10 years from the adoption date, the number of Ordinary Shares for which options to subscribe may be granted under the 2006 Scheme, on any day will not, when added to the number of such options which immediately prior to that day have been granted under the 2006 Scheme within the period of 10 years prior to the date of such grant, exceed such number of Ordinary Shares as represents 10 per cent of the ordinary share capital of the Company in issue immediately prior to that day. Options may be exercised in whole or in part at any time up to 10 years (at the latest) after their date of grant, as determined by the Remuneration Committee. All Ordinary Shares issued under the 2006 Scheme shall rank equally in all respects with the shares of the Company for the time being in issue. Special provisions apply in the event of an offer being made to acquire the whole or a specified proportion of the shares held by each holder of shares. In the event of the Company going into liquidation, all options shall ipso facto cease to be exercisable and Participants (as defined in the 2006 Scheme) shall not be entitled to damages or other compensation of any kind. The Company may at any time by resolution of the Board vary, amend or revoke any provisions of the 2006 Scheme in such manner as the Remuneration Committee may consider necessary provided that: (a) the purpose of the 2006 Scheme is not altered; (b) except with the sanction of the Company in general meeting, no alteration shall be made to the definitions of 'Market Value' and 'Subscription Price' or to the clauses relating to, inter alia, eligibility, limitation of issue, limitation on participation and period for exercise of options; and (c) no such variations, amendments or revocations shall increase the amount payable by any Participant or impose more onerous obligations on any Participant in respect of the exercise of an option which has already been granted. The 2006 Scheme may be terminated at any time by ordinary resolution of the Company or by resolution of the Board and in any event shall expire 10 years after the Adoption Date. Subsequent to any such termination the Company shall not grant any further options under the 2006 Scheme, but no such termination shall affect or modify any subsisting rights or obligations of, the Participants in relation to the options.

The EMI Scheme

The Company established the EMI Scheme in September 2009 in order to enable employees and executive directors who are employees of the Company to acquire Ordinary Shares. The EMI Scheme is a qualifying scheme under Schedule 5 of the Income Tax (Earnings and Pensions) Act 2003 ('Schedule 5').

The Company may at the discretion of the Board grant options to acquire Ordinary Shares in the Company to any employees (whether or not directors) of the Company and those of its subsidiaries permitted by Schedule 5 who at the date of grant of the option devote at least 25 hours per week or 75 per cent of their working time to the Company. Under the EMI Scheme, the number of Ordinary Shares for which options to subscribe may be granted under the EMI Scheme, on any day will not, when added to the number of such options which immediately prior to that day have been granted under the EMI Scheme within the period of 10 years prior to the date of such grant, exceed such number of Ordinary Shares as represents 10 per cent of the ordinary share capital of the Company in issue immediately prior to that day.

No employee or director may participate if he has a material interest (an interest in 30 per cent. or more of the issued share capital of the Company) on the intended date of grant of an option. Options are personal to the option holder to whom they are granted, and may not be assigned or transferred and will lapse on any attempt by the option holder to do so.

The Company may in its absolute discretion grant options pursuant to these rules of the EMI Scheme by way of an option agreement to any eligible employee at any time following the adoption of the rules of the EMI Scheme.

The Company may in its absolute discretion impose performance conditions on the exercise of an option as it sees fit. Such conditions will be advised to the option holders at the grant of the option.

The exercise price per Ordinary Share is determined by the Company. Options granted pursuant to the EMI Scheme rules are granted under the provisions of the Schedule 5 and, insofar as the market value does not exceed the limits specified in paragraphs 5 and 6 of Schedule 5, are intended to be qualifying options for the purposes of Schedule 5. To the extent that the market value exceeds the limits specified in paragraphs 5 and 6 of Schedule 5 the option concerned shall take effect as an unapproved share option.

In normal circumstances, an option may (to the extent that any performance conditions have been satisfied) be exercised at any time after the date of grant (unless otherwise specified in the particular option agreement) and (except as otherwise provided below) may only be exercised while the option holder is an employee of the Company. Options may not be exercised more than ten years after the date of grant.

If an option holder ceases to be an eligible employee with respect to the Company for the purposes of Schedule 5 where such cessation is for any reason other than death, and the Board determines, in its absolute discretion, that it is appropriate in the circumstances that the option holder should be permitted to exercise the option, the option holder shall be entitled to exercise the option over such number of Ordinary Shares for which such permission is granted by the Board. If the Board does not exercise its discretion within 14 days after such cessation, the option shall lapse and cease to be exercisable. In the case of death, options may normally be exercised within the following twelve months. In all these cases (other than death), options will not normally be exercisable except to the extent that any of the performance conditions set in relation to that option have been satisfied.

If under section 899 of the 1985 Act, the court sanctions a compromise or arrangement proposed for the purposes of or in connection with a scheme for the reconstruction of the Company or its amalgamation with any other company or companies, options shall lapse six months after the court sanctions the compromise or arrangement. If any person becomes bound or entitled to acquire shares in the Company under sections 979 to 982 of the 1985 Act, the Board shall so notify the option holders and the options shall remain exercisable for so long as that person remains so bound or entitled and thereafter the options shall lapse. In the event of a change of control in the Company as result of a general offer, options may be exercised with six months of the change of control. In the above circumstances, existing options may be released in exchange for options of equivalent value over shares in the acquiring company or another eligible company.

If another company obtains all the Ordinary Shares of the Company as a result of a qualifying exchange of shares, with 'qualifying exchange of shares' for this purpose having the meaning used for the purposes of paragraph 40 of Schedule 5, existing options may be released in exchange for options of equivalent value over shares in the acquiring company or another eligible company. If any person makes an offer which, if accepted would result in a sale of all of the Ordinary Shares, then the Board shall give notice of such offer to the option holders, following which those option holders' rights to exercise their options shall be subject to the Company's right to make such exercise conditional upon the option holders agreeing to sell all shares acquired pursuant to the options to the person who obtains control of the Company on the same date and on the same terms as have been agreed by the other Shareholders. If the Board does not give notice to the option holders before completion of a sale of all of the shares of the Company, the options shall remain exercisable for 30 days following the sale (and shall lapse thereafter) provided that the option holder agreed prior to exercise to sell all the shares the option holders acquire on exercise of their options to the purchaser on no less favourable terms than those offered to holders of Ordinary Shares on the sale. In the event of any voluntary winding up of the Company, voluntary arrangement under the Insolvency Act 1986 or administration order, the Board shall so notify the option holders and the options shall lapse immediately after the commencement of the winding-up.

If an increase or variation in the capital of the Company occurs by reason of a capitalisation or rights issue (including an increase or variation having an effect similar to a rights issue) or a sub-division, consolidation or reduction or otherwise, then the Board will make appropriate adjustments to the exercise price and the number of shares under option provided that the Board have been advised by the auditors of the Company in writing that such adjustments are fair and reasonable.

The Board may amend the EMI Scheme from time to time save that no amendment may be made which would result in an EMI option ceasing to be a qualifying option for the purposes of Schedule 5. No option may be granted after the tenth anniversary of the adoption of the EMI Scheme.

Particulars of Matters to be Acted Upon Financial Statements

Copies of the annual audited consolidated financial statements (the 'Financial Statements') and related management's discussion & analysis ('MD&A') of the Company for the year ended 31 December 2016 have been mailed to all Shareholders.

Shareholders will be asked at the Meeting to consider and adopt the Financial Statements and the report of the auditors thereon.

Unless the Shareholder has specifically instructed in the enclosed Form of Proxy or VIF, as applicable, that the Ordinary Shares represented by such proxy or form are to be withheld or voted otherwise, the persons named in the accompanying Form of Proxy or VIF, as applicable, will vote FOR the adoption of the Financial Statements.

Shareholders are able to request to receive copies of the Company's annual and/or interim financial statements and related MD&A by marking the appropriate box on the supplemental mailing card enclosed with this Circular. Copies may also be obtained by Shareholders at any time, either in hard or electronic form, upon written request without charge to the Company Secretary at +44 (0)20 7763 7101 or can be found under the Company's corporate profile on SEDAR at www.sedar.com or on the Company's website at www.horizonteminerals.com.

Election of Directors

The Toronto Stock Exchange (the 'TSX') requires that: (i) all TSX-listed companies must elect directors annually, (ii) each director must be elected individually; and (iii) the number of votes received for the election of each director must be disclosed. The amendments also included a provision requiring TSX-listed companies to either adopt a majority voting policy for uncontested director elections or disclose that they have not adopted such a policy and disclose their practices for electing directors and explain why they have not adopted a majority voting policy. The Company has decided not to adopt a majority voting policy as it is unnecessary under English Law. Under English law, shareholders are able to vote against resolutions to nominate directors for election. Therefore, if a director does not receive a majority of the votes cast at the meeting in favour of their election, the director will fail to be elected.

Unless the Shareholder has specifically instructed in the enclosed Form of Proxy or VIF, as applicable, that the Ordinary Shares represented by such proxy or form are to be withheld or voted otherwise, the persons named in the accompanying Form of Proxy or VIF, as applicable, will vote FOR the election of Mr. Owen Bavinton, Mr. Alexander Christopher, Mr. William Fisher, Mr. David Hall, Mr. Allan Walker and Mr. Jeremy Martin to hold office until the close of the first annual meeting of shareholders of the Company following his election or until his successor is duly elected or appointed unless his office is earlier vacated in accordance with applicable law.

Appointment of Auditors

BDO LLP, Certified Public Accountants (CY) ('BDO') are the independent registered certified auditors of the Company. PKF Littlejohn LLP ('PKF'), the former independent certified auditors of the Company, were replaced by BDO as the independent registered certified auditors of the Company effective 11 May, 2016. PKF audited the financial statements of the Company for the 2015 fiscal year.

Management now proposes that the appointment of BDO, effective 11 May 2016, be ratified and that BDO be appointed as the Company's auditors to hold office until the next annual meeting of Shareholders, at a remuneration to be fixed by the Board.

PKF has been informed that their appointment as auditors of the Company will not be proposed to the Shareholders. On the recommendation of the Audit Committee, the Board approved a proposal to engage the accounting firm of BDO as auditors for the Company for the 2017 fiscal year.

During PKF's appointment, there were no disagreements with PKF on any matter of accounting principles or practices, financial statement disclosure, auditing scope or procedure, or any reportable events. PKF did not have any reservation in their auditor's report for the financial statements of the Company for the previously completed fiscal year or for any period subsequent thereto for which an audit report was issued and preceding the termination of PKF.

Attached to this Circular as Schedule "A" is the "reporting package" as such term is defined in Canadian Securities Administrator's National Instrument 51-102 — *Continuous Disclosure Obligations* that has been filed with the requisite securities regulatory authorities.

Unless the Shareholder has specifically instructed in the enclosed Form of Proxy or VIF as applicable, that the Ordinary Shares represented by such proxy or form are to be withheld or voted otherwise, the persons named in the accompanying Form of Proxy or VIF, as applicable, will vote FOR the appointment of BDO LLP, as auditors of the Company, to hold office until the next annual meeting of Shareholders or until a successor is appointed and to authorise the Board to fix the remuneration of the auditors.

Approval to allow Directors to Allot Equity Securities without reference to pre-emption rights:

The Shareholders will be asked to consider and, if thought appropriate, to authorise and approve empowering the Directors to allot equity securities in the capital of the Company without reference to pre-emption rights ('**Pre-emption Disapplication Resolution**').  and so that the Directors may impose any limits or restrictions and make any arrangements which they consider necessary or appropriate to deal with treasury shares, fractional entitlements, record dates, legal, regulatory or practical problems in, or under the laws of, any territory or any other matter; and
- B. to the allotment otherwise than pursuant to paragraph (A) above of equity securities up to an aggregate nominal amount of £3,000,000 and shall expire at the conclusion of the next annual general meeting of the Company following the passing of this resolution (or, if earlier, 15 months after the date of this resolution), save that the Company may prior to such expiry make an offer or agreement which would or might require equity securities to be allotted after such expiry and the Directors may allot equity securities in pursuance of such offer or agreement as if the power conferred hereby had not expired.'

Unless the Shareholder has specifically instructed in the enclosed Form of Proxy or VIF, as applicable, that the Ordinary Shares represented by such proxy or form are to be voted against the Pre-emption Disapplication Resolution, the proxies in favour of management nominees will be voted FOR the Pre-emption Disapplication Resolution.

Other Matters

Statement of Corporate Governance

National Policy 58-201 of the Canadian Securities Administrators (the '**CSA**') has set out a series of guidelines for effective corporate governance (the '**Guidelines**'). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. National Instrument 58-101 ('**NI 58-101**') of the CSA requires the disclosure by each listed corporation of its approach to corporate governance with reference to the Guidelines as it is recognized that the unique characteristics of individual corporations will result in varying degrees of compliance.

Set out below is a description of the Company's approach to corporate governance in relation to the Guidelines.

The Board of Directors

NI 58-101 defines an 'independent director' as a director who has no direct or indirect material relationship with the Company. A 'material relationship' is in turn defined as a relationship which could, in the view of the Board, be reasonably expected to interfere with such member's independent judgement. The Board is currently comprised of 6 members. The Board has determined that Mr. Allan Walker, Mr. William Fisher and Dr. Owen Bavinton are each an 'independent director' within the meaning of NI 58-101, and Jeremy Martin, David Hall and Alexander Christopher are 'non-independent directors'.

Mr. Allan Walker, Mr. William Fisher and Dr. Owen Bavinton are each considered an independent director since they are each independent of management and free from any material relationship with the Company. The basis for this determination is that, since 1 January 2008, Mr. Allan Walker has not worked for the Company, received remuneration from the Company or had material contracts with or material interests in the Company which could interfere with his ability to act with a view to the best interests of the Company. The same applies for Mr. William Fisher since his appointment on to the Board on 7 June 2011 and Dr. Owen Bavinton since his appointment on to the Board on 17 January 2012.

Each of Messrs. Martin, Hall and Christopher are considered to be non-independent directors as a result of his respective relationship with the company.

The Board maintains the exercise of independent supervision over management by encouraging open and candid discussion from its independent directors. In addition, although Messrs. Hall and Christopher are not considered to be independent, the Board does not view this relationship as impairing the ability of the Board to act independently of management.

Directorships

Members of the Board also sit on the boards of other reporting issuer corporations (or equivalent) as follows:

Name of Director	Name of Issuer
David Hall	MedGold Resources Corp.
Jeremy Martin	MedGold Resources Corp.
Allan Walker	None
Alexander Christopher	None
William Fisher	Goldquest Inc., Rame Energy Treasury Metals Inc.
Dr. Owen Bavinton	None

In carrying out its mandate, the Board met three times during the year ended 31 December 2016. The following table sets out attendance by the directors of the Company during those six meetings of the Board.

Board Meeting Date	David Hall	Jeremy Martin	Allan Walker	Alex Christopher	Owen Bavinton	William Fisher
	Present					
14 March 2016	Yes	Yes	Yes	Yes	Yes	Yes
21 April (AGM)	Yes	Yes	Yes	No	Yes	No
13 June 2016	Yes	Yes	Yes	Yes	No	Yes

The Board does not meet in the absence of members of management; however, the non-independent directors, if and when necessary, may excuse such persons from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate.

Given the size and constitution of the Board, and the current stage of development of the Company, the Board believes that the meetings held by the independent directors are not required in order to adequately facilitate open and candid discussion amongst the independent directors during the year.

The Chairman of the Board is David Hall, who is not considered to be an independent director for the purposes of NI 58-101.

Board Mandate

The Board has not adopted a written mandate.

The Board currently delineates its responsibilities between the executive directors of the Company, who are responsible for the day-to-day operations of the business, and the non-executive directors, who attend Board meetings and are responsible for having an overview of the Company's strategy and operations.

The Board conducts itself at all times in accordance with the requirements of English legislation as to the roles and responsibilities of directors and good practice for the board of directors of a company whose shares trade on AIM and the Toronto Stock Exchange.

Position Descriptions

Given the current size of the Company and its Board and management, the Board does not feel that it is necessary at this time to formalize position descriptions or corporate objectives for any of the Chairman of the Board, the Chairman of each committee of the Board, or the Chief Executive Officer in order to delineate their respective responsibilities. Accordingly, the roles of the executive officers of the Company are delineated on the basis of customary practice.

Orientation and Continuing Education

While the Company currently has no formal orientation and education program for new Board members, sufficient information (such as recent annual reports, proxy solicitation materials, technical reports and various other operating, property and budget reports) is provided to any new Board member to ensure that new directors are familiarised with the Company's business and the procedures of the Board. In addition, new directors are encouraged to visit and meet with management on a regular basis. The Company also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Company.

Director's Term Limits

The Company has not adopted term limits for directors on the Board or other mechanisms of Board renewal. The Board currently assesses each director annually in order to ensure that the Board is balanced between highly experienced directors with long-term knowledge of the mining industry and those with a fresh perspective. The Board will periodically consider whether term limits or other mechanisms of Board renewal should be adopted and will implement changes when appropriate.

Women on the Board and in Executive Offices

The Company has not adopted a written policy specifically relating to the identification and nomination of women directors nor does the Board currently consider the level of representation of women when making executive officer appointments or set targets regarding women on the Board or in executive positions. However, informally, the Board acknowledges that diversity, including diversity of experience, perspective, education, race, gender and national origin is a contribution to the Company.

Currently the Board believes that continuity of Board members and familiarity with the Araguaia Project are critical to the Company at its stage in its development. The Board intends to consider whether it should adopt specific policies and practices regarding the representation of women on the Board and in executive positions, including the setting of targets for such representation at such time as the Corporation moves beyond its development stage into production.

As of 16 March 2017, there are no women members of the Board. Of the three executive officers of the Company, one is a woman; representing 33% of executive officer positions at the Company, excluding its main subsidiaries. Ms. Katie Millar joined the Company in 2014. There are no women in the three executive officer positions at the Company's main subsidiaries in Brazil.

Ethical Business Conduct

The Board has not adopted a formal code of ethics for directors.

The Board conducts itself at all times in accordance with the requirements of English legislation as to the roles and responsibilities of directors and good practice for the board of directors of a company whose shares trade on AIM and the Toronto Stock Exchange.

In order to ensure that directors exercise independent judgement, the Board has assumed responsibility for approving transactions involving the Company and any 'related party' (as that term is defined for securities law purposes).

In addition, the Board has assumed responsibility for monitoring the Company's compliance with strategic planning matters, implementing a process for assessing the effectiveness of committees of directors and individual directors, and reviewing changes in or additions to compliance policies, standards, codes and programs, as well as applicable legislation.

Nomination of Directors

The Company's Remuneration Committee has assumed responsibility for the recommendation for appointment and assessment of directors (see 'Statement of Corporate Governance — Committees' below for further details). While there are no specific criteria for Board membership, the Company attempts to attract and maintain directors with business knowledge and a particular knowledge of mining, mineral exploration and development or other areas (such as accounting or finance) which provide knowledge which would assist in providing guidance to the officers of the Company. As such, nominations tend to be the result of recruitment efforts and discussions amongst the Remuneration Committee and the Chief Executive Officer prior to the consideration of the Board as a whole.

Compensation

Compensation is determined by the Remuneration Committee. See also "Statement of Executive Compensation — Compensation Discussion and Analysis."

Committees

The Audit Committee is made up of David Hall, Dr. Owen Bavinton, William Fisher and Allan Walker. The terms of reference of the Audit Committee are set out in Schedule 'A' in the AIF. Additional information regarding the Audit Committee is contained in the Company's Annual Information Form ('AIF'), a copy of the AIF is available under the Company's issuer profile at www.sedar.com.

Dr. Bavinton, Mr. Walker and Mr. Fisher are each independent and financially literate within the meaning of applicable securities legislation. Each of Dr. Bavinton, Mr. William Fisher and Mr. Alan Walker is familiar with accounting principles, financial statements and financial reporting requirements as a result their previous experience which is summarised herein.

The Remuneration Committee is made up of David Hall (Chairman), William Fisher and Allan Walker. The Remuneration Committee is responsible for reviewing the performance of the Executive Directors and for setting the scale and structure of their remuneration, paying due regard to the interests of Shareholders as a whole and the performance of the Company.

Meetings of independent members of the Board

The independent members of the Board do not meet formally when non-independent members are in attendance. However they are in frequent direct communication with one another both verbally and by written means.

Leadership for independent members of the Board

Leadership for independent members of the Board is provided as appropriate by the Chairman of the Board, who is in regular direct contact with the independent Board members and keeps them apprised of developments in the Company.

Control Procedures

The Board has approved financial budgets and cash forecasts. In addition, it has implemented procedures to ensure compliance with accounting standards and effective reporting.

Assessments

The performance of the Board is assessed by the Chairman, based upon attendance of individuals at meetings, their contribution during meetings and their execution of action items arising therefrom. Performance is also assessed throughout the year through feedback from other Board members.

Indebtedness of Directors and Executive Officers

There is currently no outstanding indebtedness owing to either the Company or any of its subsidiaries, or to any other entity which is the subject of a guarantee, support agreement, letter of credit or similar arrangement provided by the Company or any of its subsidiaries, of (i) any director, executive officer or employee; (ii) any former director, executive officer or employee; or (iii) any associate of any current or former director or executive officer of the Company.

Interest of Certain Persons in Matters to be Acted Upon

As at the date hereof, no director or executive officer of the Company who has held such position at any time since the beginning of the Company's financial year ended 31 December 2016, proposed nominee for election as a director of the Company, or associate or affiliate of the foregoing has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in any matter to be acted upon at the Meeting, other than the election of directors.
